Seafood (live, fresh, frozen)

Jade Ireland Seafood Limited is a joint venture company, established by four innovative and award winning Irish Seafood companies. These companies are already very successful, and are at the forefront of what they do individually. Collectively - through Jade Ireland Seafood they are now providing customers in China with an unrivalled range of live and processed seafood products.

The seafood product range includes:

Live crab, oyster, lobster, razor clam, sea urchin, - delivered to China in pristine condition using a unique and innovative handling and packaging process;

processed crab, lobster, prawn, scallop, razor clams, whelk, and white fish.
