

Ann Ruddy

CEO

Wild Atlantic Seagarden

<http://www.wildatlanticseagarden.com>

Bilateral Meetings

- Friday 09th June 12:00 - 14:30

Description

Selling and promoting the health benefits of Irish Seaweeds, supported by scientific data we promote products made from the much valued and limited resource. From fertiliser to face creams, from snacks to highly nutritious food ingredients the purity of the Irish waters combined with the considerable nutrients rising from the up-welling of the North Atlantic Shelf, makes Irish Seaweed significantly valued for human and animal health.
