Bilateral Meetings

- Friday 09th June 12:00 - 14:30

Description

TIERNEY IP is a legal practice specializing in Intellectual Property law. The company is managed by Niall Tierney, an Intellectual Property lawyer with over 25 years of experience in British, European Union and Irish Soft IP law.

TIERNEY IP seeks to be different from the standard Intellectual Property practices in that it focuses its acumen on four key areas:

- Intellectual Property Holding Company Support
- Expertise & Consultancy
- Soft IP Mentoring & Tutoring
- On-Call Service

TIERNEY IP is commercially focused, streamlined and efficient and its services are delivered with extensive multi-jurisdictional and cross-industry experience and expertise.

TIERNEY IP combines its knowledge of IP law with years of experience and a "no nonsense" approach to provide clients with strategic focused advice about freedom-to-use and own, ability to stop others imitating and helps to achieve maximum value for a client's key business assets: brands, logos, designs, copyright and related rights.
